GALBRAITH FAMILY HISTORY CHART

Please complete the following chart as part of your application for membership in the Clan Galbraith Society. Trace your Galbraith (or variant name) family history by providing the information requested. This will then be added to the Clan's genealogy file for reference or research purposes. **If you have a family genealogy already prepared, feel free to include that in place of this chart or add additional pages if needed for earlier generations.**

Requested formats for dates and names used when completing your family history, based upon common errors found in submitted forms: For dates, please use the genealogical accepted format, i.e. 4 Feb 1946. Do not use only numbers as we do not know if you intend the date 2/4 as 4 Feb (US standard) or 2 Apr (British standard). Also use the entire 4-digit year, i.e. 1946 instead of 46, which could also mean 1846, 1746 etc., depending on where it occurs in your history. The use of a 2-digit year is only used for the current century 2000.

Also, when citing female ancestor names, please use only maiden names and not the married spousal name. If the female ancestor was married previously and the maiden name is unknown, you may use her name from the previous marriage, which can also be included with a maiden name if desired. If neither is the case, omit any last name or use a placeholder, such as a question mark.

Please add information for as many additional generations as you have reliable data.
